An Opportunity to Become a Social Entrepreneur

You have achieved success as an entrepreneur, professional, author, practitioners or some other career and now you want to give back to the community and get involved in some good cause which can resonate with you. **A project you will be proud to call it your Legacy Project.**

I would invite you to use your career achievements and entrepreneurship for social causes and become a social entrepreneur.

After spending two decades as a social entrepreneur and establishing and running many groups, I want to channel all my energies into establishing a not-for-profit, the Life Transformation Institute (LTI) with a new mandate to help others.

The Life Transformation Institute (LTI) is a not-for-profit community group of collaborative kindred spirits who empower life by sharing their cumulative knowledge and wisdom to raise awareness of the body, mind and soul.

The premise behind the LTI is that *"We spend our lifetime taking care of others; and in the process, we neglect to look after ourselves."* LTI message is - join us in a sojourn to take charge of yourself - through self-management of your body, mind and soul.

Initiatives

LTI achieves its objectives by organising:

- Networking events with practitioners and others
- Presentations and Workshops
- Resource Intensive Website
- Publishing Books
- Speakers Bureau
- Authors Collaboration Marketing Group (ACMG)
- Healing Retreats

After establishing as a community group in Richmond Hill in 2008, we wish to take this group as a chartered not-for-profit and inviting interested entrepreneurs and practitioners to support us to take it to the next level.

LTI's members include health practitioners, authors, speakers and anyone who believes in our cause.

The Life Transformation Institute has conducted over fifty events through many initiatives like Holistic Food Institute, Inspirational Book Club and Friends of Heart. You can review photos and reports of these events at:

Publications

The Life Transformation Institute has published a number of publications in the following format <http://life-transformation-institute.org/publications>:

- Soft Cover Books
- eBooks
- Websites
- Study Guides

The Life Transformation Institute has also produced many professional presentations in the area of Dental Health and Holistic Health which are available to be given to any group and organisation.

Opportunity to be a Founding Sponsor

Now, we wish to formalize the Life Transformation Institute as a chartered not-for-profit body and would like to, invite you to become a Founding sponsor.

We need funding for the start up and running of the organisation for the 1st year to carry out the following tasks:

- Registration of LTI as a not-for-profit federally
- Launching of LTI
- Book publishing
- Website
- Exhibiting at Show/conferences
- Banners and brochures, etc.

We need Founding Sponsors to contribute to the fund for the above tasks.

We are looking for practitioners, entrepreneurs and organizations, who would support us by becoming Founding Sponsors.

I am in the process of drafting a blueprint (like a business plan) for the organisation and I will be happy to share that with you once it is ready.

As a Founding Member, you will get the following Benefits:

- Part of our Speakers Bureau <http://life-transformation-institute.org/speakers>
- Speak at our events
- Share our booth at Health Shows, Book Festivals and other Trade shows
- Promote your product/services at our events
- Part of (Advisory) Board

I sincerely hope that you consider this proposal to be a Founding Sponsor of Life Transformation Institute and share our vision and your passions to help others.

To you and your inspiration
